Board of Directors for Upcoming Year

Dear Parents, Guardians, Faculty and Staff,

Pursuant to CCSMS' bylaws, elections for the Board of Directors are to take place by the end of May each year. This year, the terms of four Board Members expired and notices of these vacancies were posted on the CCSMS website and published via the School Messenger emails sent out by the administration. The application period closed on May 18, 2017 with four applications having been submitted. As a result of having the same number of applications as open seats, an election was unnecessary and those who submitted applications to become members of the Board shall be sworn in at the Board's Annual Meeting on July 19, 2017 at 6:00 p.m.

The voting Members of the Board for the 2017-2018 academic year (both returning and recently elected) will include:

Chuck Bevers
Russ Campbell
Leroy Connors, Jr.
Delores Fordham-Gray
Michael Horner, Ph.D
Ashley Redmond
Evan Reich
Cassie Watson
David Wolf

In addition to the voting members, there are five ex-officio members whose participation will be determined as of the Annual Meeting.

At each of its meetings, the Board permits the opportunity for public comment (within the parameters noted in the attachment to the agenda) for anyone to provide feedback about CCSMS. Feel free to come to a meeting and provide your feedback or to gather information regarding the Board's activities related to governance of CCSMS. If it is not convenient to attend a meeting and you wish to address the Board, you may contact the Board via email at: Board@charlestonmathscience.org

Thank you for allowing us the opportunity to serve in this capacity and have a great Memorial Day Weekend.
